

Building a better community  
one home at a time.

# UPDATE

FALL 2008

## POZEN Inc. Sponsors Habitat Home

**P**OZEN Inc., a Chapel Hill based pharmaceutical company, is celebrating its great success by giving back to their community. In April, POZEN Inc. received approval from the U.S. Food and Drug Administration for its migraine drug, Treximet™, developed in partnership with GlaxoSmithKline. Shortly thereafter, POZEN Inc. contacted HHOC about sponsoring a home in Orange County.

Employees felt that working with Habitat would be a meaningful way for them to celebrate their

hard work  
and success,  
as well as a  
way to make  
a significant  
and tangible  
difference in

their community. In addition, POZEN Inc. and its CEO are the sole sponsors of their home, fully funding its materials cost at \$70,000.

On September 13, POZEN Inc. kicks off their build with future homeowner Teresa Bullock and her two young daughters, Toyie, 8, and Iyania, 6. Teresa has worked in the home health field and is now employed with UNC Hospital Nursing Practice Education and Research Department. Teresa currently lives in a dangerous neighborhood where she does not feel comfortable allowing her children to play outside. She is looking forward to living in her new Habitat home and enjoying the sense of community the neighborhood will bring.

"The late Joe Ruvane, former CEO of Glaxo, and one of my co-founders of POZEN, taught me to give back to the community and to be a good corporate citizen, said Dr. John R. Plachetka, POZEN's Chairman, President and CEO. In that spirit, we are

pleased to work with HHOC on this project."

"We admire the generosity and civic spirit Dr. Plachetka, POZEN Inc. and its employees have demonstrated and are deeply thankful they have chosen to work with Habitat and the Bullock family. It's going to be a great build!" says Anne-Marie Vanaman, development director.
